

# END OF MINERS STRIKE NEXT WEEK IS PREDICTED

## TALENTED CHOIR SINGER IS SLAIN; MAN SHOTS SELF

Broker, Spurned by Young  
Woman, Is Blamed For  
Double Tragedy.

## BODIES ARE FOUND BY GIRL'S MOTHER

Police Say Man Absconded  
From New York Hotel  
With \$11,000.

New York, Dec. 29.—Miss Edith M. Burton, a stenographer and a talented choir singer was shot and killed by Harry W. Cowan, a broker whom she repeatedly refused to marry.

The broker, after shooting the young woman twice in the chest, fired a bullet into his right temple and to-day was dying in a hospital.

The tragedy took place late last night in the expensively furnished five-room studio apartment occupied by Miss Burton and her mother in Brooklyn Heights.

Miss Burton was 27 years old, Cowan 54.

Police, after an investigation, expressed the belief that the pair entered a suicide pact and that Cowan murdered the girl and tried to end his own life when she changed her mind.

The bodies were found by Mrs. Ada Burton, mother of the slain girl, when she returned from a shopping trip in the neighborhood. Miss Burton was crumpled at the foot of a Christmas tree with its gaily colored decorations and tinsel. Her hands were clutched at her throat.

Not far away lay Cowan, bleeding profusely and moaning incoherently.

Left Several Letters

There were two letters addressed to Mrs. L. V. Cowan, another to Mrs. Ada Burton, the dead girl's mother one addressed to "Senator A. B. Lewis," not otherwise identified and two other notes the police would not make public.

Police said Cowan disappeared in February, 1923, with funds belonging to the Hotel Latham. Miss Burton was secretary to the manager of the Latham. She resigned two months later.

Mrs. Burton said her daughter used to take dictation from Cowan, and that she understood he was a Wall street broker. She said her daughter told her Cowan was infatuated with her. The mother said she had advised her daughter not to marry Cowan, as she found him to be a heavy drinker.

She said her daughter had been highly educated and was a splendid musician as well as a singer in church choirs in Brooklyn.

Cowan was something of a man of mystery. The dead girl's mother told police she understood Cowan was a wealthy stock broker and that he met her daughter while she was working as a public stenographer.

The police, however, learned that while Cowan gave one address he lived at another, under the name of Arthur Rogers.

According to police Cowan is said to have absconded from a hotel where he was employed as an auditor with more than \$11,000. Police were experiencing some difficulty linking up his past.

## STATE DRY AGENTS NAB ANOTHER MAN

Wine and Whiskey Found  
In Andy Chitrea Home;  
Pays \$100 Fine.

State prohibition officers returned to Salem Monday night to assist Salem police in a raid on the home of Andy Chitrea, 34 Wilson st. Four barrels of wine, a pint bottle of whiskey and glasses for serving were found by the raiders.

Arraigned before Acting Mayor D. L. Augustine, the man was fined \$100 and costs when he pleaded guilty to possession. He was released when he paid his fine.

Charges of transporting filed against Charles Santarella the day before Christmas were withdrawn when the case came up for trial Tuesday morning. Santarella agreed to pay the costs and was released.

Santarella was arrested by police and state dry agents in an alley off Broadway when the raiders suspected him of having driven an auto loaded with whiskey. His \$1,000 bond was dissolved by the acting mayor when the case was withdrawn by the officers.

## Auto Club To Move Office Wednesday

Arrangements were being completed today for the removal of the office of the deputy registrar of automobiles from the Metzger hotel to the council chamber at City Hall Wednesday.

Council, at its last meeting, granted the registrar, Mrs. Blanche Headley, permission to have office room at City Hall but did not specify the office to be used. Today it was announced by a member of the Auto club that Service Director F. A. Rinehart has selected council chamber as the place for the registrar's desk.

## Colleges Are Huge Football Trusts Is Professor's Charge

Chicago, Dec. 29.—Charges made by Prof. W. Newlin of Amherst that American colleges have become huge football trusts at the expense of scholarship standards are being warmly discussed by educators attending the convention of the American Association of College Professors, now in session here.

Prof. Newlin declared education is bankrupt, while football is turning over a business of millions a year.

"Football," he said bitterly, "builds stadiums—and when did mathematics even build a residence hall?"

"Scholarships is not a paying proposition. It has to be subsidized. Football makes money."

The public's acceptance of an economic yardstick as the true gauge of success has made them apathetic toward education, he said, and caused them to classify educators as intellectual wet nurses, along with housemaids and butlers.

## DILLION SHAPING BILLION DOLLAR BANKING MERGER

Young Financier Who Out-  
bid Morgans Behind Wall  
Street Merger

New York, Dec. 29.—Behind the new billion-dollar banking merger which Wall street is discussing with intense interest today, stands the figure of a young man who a few months ago electrified the financial world by out-bidding the Morgans for the Dodge Motor Car works, and in the short space of three years distributed billions of dollars worth of securities to American investors—Clarence Dillon, head of the banking house of Dillon, Read and Company.

This gigantic banking merger eventually is expected to link up the Chase National bank, Mechanics and Metals bank, Chemical National, Park National and Central Union Trust company, with united scattered resources aggregating \$1,300,000,000 rivaling the National City bank, which for many years has held the distinction of being America's biggest banking institution.

Though Dillon's investment banking house has been a leader in underwriting and distributing high grade home and foreign bonds in the local investment market, he has not had the direct backing of large banking units as are directly under control of the Morgan banking house or Kuhn, Loeb & Company. It is believed that he is now about to create a "Dillon bank" or groups of banks, the resources of which will be available for the kind and size of the financial enterprises contemplated by this young genius of the financial world.

The four National banks mentioned in the merger have a combined capital and surplus of \$98,000,000 and aggregate deposits of \$8,000,000,000. With the Central Union Trust company's deposits of \$250,000,000, the five-bank merger would involve over a billion dollars without counting the added resources which would later be brought into the combination.

## Officers Named By Beneficial Union

The Beneficial union at a meeting Monday evening at the Lutheran parish hall, Broadway, elected these officers:

President, George Fronius; vice-president, John Reinthal; recording secretary, Otto Schach; financial secretary, Mike Bonfert; treasurer, Steven Fernel; doorkeeper, Mrs. Agnes Kaiser; marshal, Mrs. Mike Bonfert; trustees, M. A. Krauss, Tony Simbella, B. J. Tontsch; flag bearer, Steven Weber; ribbon bearers, Matt Pasmola and Bruno Tietras.

It was decided to give a masquerade dance but no date was set for it. The new officers will be installed at a meeting the last Monday in January at the Transylvania hall Railroad st.

## Grand Councillor To Visit U. C. T. Here

H. M. Wolf of Gallon, grand junior councillor of the Ohio state organization of the United Commercial Travelers, will visit Salem council No. 590, the evening of January 23, and conduct its annual inspection. Initiation will also claim attention at this meeting.

## Possible To Change Sex of a Creature

New Haven Conn., Dec. 29.—Dr. Robert K. Burns, Jr., of the University of Cincinnati demonstrated for the first time that it was possible to change the sex of a creature at will. He made the demonstration with Salamanders at the annual meeting of the American Society of Zoologists here.

## Liberty Bell to Peal

On the stroke of midnight, New Year's Eve, Mrs. W. F. Kendrick, wife of the Mayor of Philadelphia, taps the Liberty Bell with a rubber mallet. Station WIP picks up the ringing of the bell and broadcasts it throughout the country thus opening the sesqui-centennial of American independence.

## Ohio Scout Leaders Will Meet In Marion

Marion, O., Dec. 29.—Leaders of the Boy Scout movement in Ohio will meet here Jan. 22. It was announced today. It is expected to form a scout organization for every one thousand urban population in the state.

Two hundred are expected to attend the morning, afternoon and night sessions. Dr. Carl W. Sawyer, son of the late Brig. Gen. Charles E. Sawyer, former White House physician, will preside as toastmaster at a banquet.

## COLD TAKES EIGHT VICTIMS IN NIGHT

Gas Fumes In Toledo Kill  
Five; Pittsburg Reports  
Three Are Dead.

Toledo, Dec. 29.—Victims of the cold weather which has had almost the entire United States in its grip five persons were found dead here today. Death in each case was due to asphyxiation. The dead are: George W. Young, 34; Clyde Welder, 40; Mrs. Mary Shickey, 80; Mrs. Edward Keys, 72, and Edward Keys, 40, her son.

## 3 Die In Pittsburg

Pittsburg, Dec. 29.—Continued cold here today took the lives of three men and is resulting in the worst privation in years among the city's poor.

The dead: James Dalton, 7; an unidentified man about 50; an unidentified man about 35.

Warmer In Cincinnati

Cincinnati, Dec. 29.—A break in the severe cold which has gripped Cincinnati and its vicinity since Friday night will come today, according to the official forecast, and the mercury will begin to rise slowly. The minimum temperature this morning was six degrees warmer than on Sunday, when the minimum was four degrees below zero.

## Crusade Against Knee-Length Skirts, Cigarets, Gets Little Congressional Sympathy

Washington, Dec. 29.—The capital's crusade against knee-length skirts and cigarette smoking by women failed today to elicit much sympathetic response from congressional social circles.

Congressmen, senators and even congressional attaches, for the most part, opposed the "war against flappers" begun by Mrs. John B. Henderson, millionaire and one of the leaders of the capital's socially-elect. Mrs. Henderson started hostilities by refusing her granddaughter a "coming out" party on the ground it would place the pretty debutante on the marriage auction block. Then she fanned the spark to a blaze by issuing a formal dictum against knee-length dresses and cigarettes, the ban included not only daughters of members

## SAYS INSECTS ARE MAN'S MENACE NOW

Professor Says Men May  
Not Remain On Earth  
In 200,000 Years.

Kansas City, Mo., Dec. 29.—"Nature is trying all sorts of experiments in forms of life and it may be that the human species experiment will not succeed and that in 200,000 years no men will remain on earth."

This is the opinion of Dr. L. O. Howard, chief of the Bureau of Entomology, Department of Agriculture, who is here with scientists of the world attending the week's convention of the American Association for the Advancement of Science.

"Insects are better fitted for existence on earth than men," said Dr. Howard. "They have been here 500,000,000 years. They have passed through all sorts of cataclysms and have come out victorious. The cock roaches of the tertiary rocks, prehistoric age, were practically the same as the cockroaches you may see in your cellars today."

"Man's menace no longer comes from the big animals. Supremacy lies with the insect. Over two billion dollars worth of crops were lost last year from insects."

## SEEKING FUNDS HERE FOR NEAR EAST COLLEGES

Mrs. Marion Hols, N. Union st. is interesting many people in Salem in the appeal for funds for Near East colleges, one of which is to be erected at Samarkand. There Miss Ellen Snyder, Salem school teacher for many years, has been teaching the children for a few years.

Mrs. Hols expects to send the fund Wednesday night to the chairman, Paul Rowland, in Chicago, and she asks any who are willing to subscribe to call her by telephone during the day Wednesday.

of congress but the "buds" of the diplomatic corps as well.

Congressmen Satisfied

While the flappers fought back, Mrs. Henderson gained some support from the daughters of the American Revolution and the National Federation of Women's clubs, but when the issue was carried up the hill to congress, well, it met chiefly with frowns.

The capital's most eligible young bachelor, Senator "Bob" LaFollette, wouldn't even discuss it.

"I won't comment on it at all," said Bob. "Not a word."

His elders, secure within their marital citadels, however, were not alarmed by the subject.

"Let the girls decide whether they want to wear knee-length or ankle-length dresses," said Senator Norris

## New City Officials Prepare To Assume Posts Next Friday

Only One Change Among  
the Executives; Scott to  
Be Solicitor.

## SALARY BOOSTS ARE EFFECTIVE

Mayor, Policemen, Engineer  
Auditor and Clerk To  
Receive More.

"Off with the old, on with the new."

That New Year's cry will reverberate through City Hall Friday when city officials elected, or re-elected in November will assume office for their two years periods.

A distinct lull in city affairs this week is traceable to the fact that outgoing officers, of whom there are few, are getting things in shape for their successors, while those who remain are quietly standing by waiting for the new ship of state to begin its voyage.

Mayor George E. Russell, who is expected home Tuesday night or Wednesday from Sebring, Fla., where he has been spending a month's vacation, will lead a solid Republican ticket into office Friday.

Among the executives there is but one change, that in the solicitorship. Solicitor L. B. Harris will return to his private law practice and Atty. Cecil K. Scott, son of the late Atty. John E. Scott, for several terms solicitor, but of the opposite political faith of his son, will become the new law director of the city.

Other Changes

Re-elected officers include Auditor John S. McNutt, Treasurer E. S. Walker and D. L. Augustine, president of council and acting mayor. Auditor McNutt, ill for months, is not expected to take an active part in the direction of his office until in the spring, and the incoming council is expecting, it is reported, to establish the office of deputy auditor who will serve in such cases.

Chief changes at City Hall will be in council where four new solons will take office, technically Jan. 1, but actually Jan. 5, the first meeting night. Vice President D. U. Smith, John Stratton, Lester B. Carson and Ed I. Goldy were not candidates for

## SEEKS TO ABOLISH PRIMARY IN OHIO

Warner, Republican State  
Chairman, Asks Support  
To Fight Vote Law.

Columbus, Dec. 29.—Organization of a "constructive plan of action" seeking abolition of Ohio's primary election law is contemplated in a letter sent today by Fred W. Warner, Marion, chairman, to other members of the Republican state central committee.

Warner asked committeemen to suggest a date for a meeting of the committee for this purpose.

"I have received a great many comments from various parts of Ohio commending the abolishing of the primary law and have had only a few to suggest that it might be a mistake," declared Warner. "The general consensus is that it is a constructive movement conducive to the welfare of the government and the saving of a large amount of expense, together with a great deal of inconvenience to the voting public."

Warner stated the suggestion has been made that district meetings be held throughout the state urging abolition of the primary law. If these meetings are held, he said, he would like to have the speakers endorse such a "constructive plan of action" as the state central committee may determine upon.

(R) of Nebraska, father of three daughters. "I'm not in favor of laying down any rule for them and I'm perfectly satisfied with whatever they do."

Senator McMaster, (R) of South Dakota, father of a family, took the same view.

Let Girls Decide

"I've got enough trouble without putting into the affairs of debutantes," said McMaster. "I am perfectly willing to let the girls decide for themselves whether they want to wear knee-length or ankle-length skirts."

There was one voice raised, however, to defend the dowager queen's campaign. Senator Stanfield, (R) of Oregon, father of one of the capital's most popular debutantes, said:

"I wish Mrs. Henderson success. I'm in favor of longer dresses and no cigarettes."

## YOUNG MEN HOLD UP POOLROOM IN WILD WEST STYLE

Cincinnati, Dec. 29.—The authorities are searching today for three young men who in true wild west fashion entered a pool room of the Dearwater hotel at Hazelwood, Ohio, about 15 miles northeast of Cincinnati, late last night and shot four of the patrons, wounding them slightly.

They then searched the pockets of their victims and the hotel cash register and escaped with about \$100.

## WHEELER'S CASE THROWN OUT BY DISTRICT COURT

Judge Sustains Senator's  
Demurrer To Indictment  
In Montana Case.

Washington, Dec. 29.—Indictment of Senator Burton K. Wheeler (D) of Montana on charges of conspiracy, to defraud the government in obtaining oil and gas land permits, was thrown out of federal court here today.

Justice Bailey in the District of Columbia supreme court sustained Wheeler's demurrer to the indictment which charged the senator jointly with Gordon Campbell, Montana oil operator, and Edwin Booth formerly solicitor of the interior department with conspiring to obtain the permits on federal lands in Montana.

The court held that Wheeler should not be tried on this indictment as he had previously been acquitted in Montana on identical charges of conspiracy. His senatorial influence to obtain favors for Campbell at the interior department.

Action of the court in holding that Wheeler shall not stand trial brought to a close one of the most sensational cases instituted in recent years by the Department of Justice. After getting an indictment against Wheeler in Montana, the justice department secured a second bill against him here. Wheeler's Montana acquittal did not halt the department which called in special attorneys to prosecute his Washington case.

Wheeler has always insisted that he was being "persecuted" by the justice department because of his activities in investigating the regime of Harry M. Daugherty as attorney general. After Wheeler's exposure in the senate, President Coolidge dismissed Daugherty.

## FIRE INSPECTION DAY PLANNED IN SALEM THURSDAY

In a letter to Secretary George H. Mounts of the Retail Merchants board, the Ohio Council of Retail Merchants calls attention to the observance by merchants of fire inspection day Thursday.

Merchants all over the state are asked to make special inspections of their stores on this day to discover and eliminate any particular fire hazard which may have developed during the Christmas season.

Fire Chief Vincent Malloy has spent considerable time this week in store inspections and will co-operate with the merchants for this inspection day.

## PREMIER BRIAND WINS VICTORY IN BUDGET PROGRAM

Paris Dec. 29.—Premier Briand won another political victory today.

The premier met his cabinet and successfully surmounted difficulties within the ministry, and the reported cleavage between the premier and the radical Socialists members of the cabinet failed to develop.

The cabinet meeting under the chairmanship of President Doumergue, gave approval to finance Minister Doumergue's projects for balancing the 1926 budget and authorized him to submit the projects to the Chamber of Deputies for discussion in the middle of January, after the New Year's recess.

## Great Commander To Install Maccabees

Great Commander Edward L. Young of Norwalk, and T. R. Kelley of Canton, district manager, will attend a public installation of the new officers of Quaker City tent No. 144, Knights of Maccabees, to be held Monday evening, Jan. 11. Mr. Kelley will be master of ceremonies.

## CONFIDENCE FELT WITH RESUMPTION OF NEGOTIATIONS

Miners and Operators Are  
Gathered In New York  
Parley Today.

## FIRST CONFERENCE FOR FIVE MONTHS

Head of Labor Federation  
Urges Miners to Accept  
Adjustment

New York, Dec. 29.—"The operators are willing to make concessions—they hope to see the anthracite coal strike settled at the present conference."

"Whether the strike will be settled depends upon the attitude of John L. Lewis, head of the miners."

"What his attitude is right now, nobody knows for a certainty. At any rate, he is the key to the whole situation."

These statements were made today by Major W. W. Inglis, chairman of the operators' negotiating committee, as the operators' committee went into a preliminary conference at the Waldorf Astoria to draw up their program which will be presented at the joint operators-miners meeting at 3 o'clock this afternoon at the Union League club.

Washington, Dec. 29.—Official Washington was confident today that the hard coal miners will be back at work next week, thus ending a suspension which has tied up the anthracite fields since last September.

Labor department officers who have been keeping in close touch with the negotiations between operators and miners opening in New York today predicted that an agreement, after possibly some hickering and slight delay, will be reached.

Frederick Davis, head of the labor department's bureau of conciliation, and another expert, have been designated as "unofficial observers" at the New York meeting. They are to report fully to Washington on all progress made during the conference. The government, however, will sit along the side of the meeting. Washington's hope for a line, and will take no direct part in an adjustment of the tie-up was based upon the activities of William Green, president of the American Federation of Labor, Green, an official of the United Mine Workers before being elevated to Samuel Gompers' position, has been quietly persuading his union friends to accept an adjustment that will permit the men to go back to the mines early in the new year.

Green was said to feel that with the men at work future negotiations can iron out the differences between the warring factions.

## Resume Negotiations

New York, Dec. 29.—With the anthracite industry staggering under the burden of the most calamitous strike in its history, representatives of the striking miners and the operators gathered here today in a determined effort to reach an agreement that would send the 158,000 workers "back to the mines."

It is the first time in nearly five months that the miners and operators have sat at the conference table to consider wage scales, the check-off and working conditions.

Since the strike, which began Sept. 1, operators and miners have suffered a financial loss that is estimated, could not be covered by \$125,000,000, to say nothing of lost markets and the depression of other businesses in the anthracite region.

This morning the operators, headed by Major W. W. Inglis, chairman of the operators' negotiating committee, and the miners, headed by John L. Lewis, president of the United Mine Workers of America, went into separate conferences with their co-workers to map out their programs to be presented at the joint session.

This joint conference will be held at 3 o'clock this afternoon at the Union League club and will be the first time since the strike that the operators and miners have met at the same conference table since negotiations were broken off in Atlantic City last August.

## ENVOYS TO ATTEND ARMS CONFERENCE

Coolidge Will Name Diplomatic  
Officials To Be  
In U. S. Delegation.

Washington, Dec. 29.—The United States probably will be represented at the League of Nations preliminary disarmament conference by one or two of its diplomatic officials in Europe.

President Coolidge has practically decided, it was said at the White House today, not to send a formidable delegation to the Feb. 15 meeting. When agenda for the major arms conference later is to be agreed upon. The diplomatic delegates, however, will have full instructions from Washington as to the scope and program which this government wishes laid down in considering further arms cuts.

Q. When was Christmas first celebrated? J. A.

A. It is not definitely known when Christmas was first celebrated. The institution of the festival is attributed to Telesphorus, who flourished in the reign of Antoninus Pius (131-161 A. D.). This, however, is not historical. It has often been objected that Dec. 25 can not be the true date of the birth of Christ, for it is then the rainy season in Palestine and shepherds would scarcely have been watching their sheep by night in the fields. The reason for the final choice of Dec. 25, can not now be determined. A widespread feast of the Great Mother may have influenced the decision, also the desire to place a Christian feast in opposition to the Roman feast of "Sol Invictus" at the winter solstice. At the winter solstice the Germans held their great Yule feast in commemoration of the return of the fiery sun, and many of the beliefs and usages of the old Germans and Romans relating to this matter passed from heathenism to Christianity and have survived to the present day. As Christianity spread, the feast of the winter solstice, the time when the day begins to increase, and light to triumph over darkness, was changed into the Feast of Christ, the Light of Life.

Q. How do we get the name Santa Claus? N. O.

A. Saint Nicholas, a bishop of Myra, Asia Minor, about 300 A. D. is the patron saint of sailors, thieves and children. His name has been corrupted to Santa Claus the bearer of gifts to children on Christmas eve.

Q. What time is meant by Christmas eve? B. E. P.

A. Christmas eve refers to the evening of Dec. 24. The word "eve" in general means the evening before, from the Jewish mode of reckoning the day as beginning at sunset.

Q. What does Kris Kringle mean? M. E. W.

A. Originally it meant Christ Child. It is from the German diminutive form Christkindel. It is commonly used now as Santa Claus.

Q. Who originated Santa Claus? T. L. A.

A. The American "Santa Claus" is a corruption of the Dutch San Nicolaas. G. H. McHughes says "Santa Claus, the name derived from Saint Nicholas through the familiar use of children in Teutonic countries, crossed to America. The direct route followed by him is somewhat open to question. On the way he traded his gray horse for a reindeer and made changes in his appearance."

Q. Is it true that a Christmas dance is performed in a church in Spain? J. H. K.

A. One beautiful feature of the "Mesa de Gallo" in the great Cathedral of Seville is a strange mystical dance or "interweaving of steps" by the choir boys, who thus dance before the high altar. This reverent dance which is given but twice a year is marked by the chanting of the choir boys, who carry well lighted candles as they cross and re-cross up and down the wide choir steps. One of the occasions is the celebration of midnight mass on Christmas eve.

Q. How much money is spent yearly for Christmas trees? H. K.

A. It is estimated that about \$1,500,000 is spent annually for evergreen trees at Christmas time.

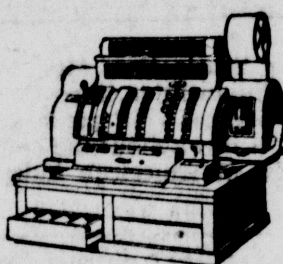

Q. How are the fancy bright balls made that are used on Christmas trees? C. H.

A. They are blown by a glass blower. After they have cooled, they are covered with a coat of silver nitrate, then dyed.

Q. What is the average age of the trees cut for Christmas trees? S. T. A.

A. They are usually from 5 to 10 years old. A tree 6 feet tall is about 5 years old.

## PLANTS IN LIBSON BUSY; ORDERS FOR 1926 ARE HEAVY

Industrial Activity Is More Pronounced Than For Many Months.

Libson, Dec. 29.—Industrial activity in the Libson district is more pronounced now than for many months, and there is marked indication that the business depression has been passed.

Manufacturers in this territory hold the view that 1926 will turn out to be a good year, and this opinion is based upon the volume of 1926 business now on file.

The Wright Manufacturing Co., producers of hoists and similar equipment, is working full time and from three to four nights a week. Last fall operations at this plant were on a part time basis.

At the plant of the American Vitrified Products Co., production of hot tops for the steel industry is steady, the requirements of purchasers being heavier just now than for some months.

Steady production is the record of the Excelsior Fire Clay Co., which did not lose a day during 1925 because of business depression. Future orders with this interest for 1926 delivery are heavy, and the plant will continue on a steady basis.

Considerable new business has been filed with the Libson plant of R. Thomas Sons, and with their new tunnel kiln in operation a heavier production during 1926 than that of 1925 will follow.

The plant of the Libson Cement Co. is also in steady operation, also that of the Saratoga Fire Clay Co.

The mines of the Seger Fuel Co., at Power Point and those of the Beaver Coal and Clay Co. at Logtown are in steady production, both mines working on a full time basis, and with demand heavy.

## LOCAL MACCABEES APPROVE MERGER

Knights Propose to Unite With Ladies In Benefit Association.

Local members of the Maccabees are greatly interested in a proposed merger between that society and the Ladies of the Maccabees which will be voted on at the Maccabees international convention in Detroit, Mich., Jan. 7.

The Ladies of the Maccabees approved the merger by a two-thirds majority at a convention on December 11, and if it carries in the other society, the combination will result in one of the strongest fraternal benefit associations in the world, with a membership of over 250,000, nearly 500 local lodges, assets in excess of \$29,000,000, and fully organized departments of men, women and children. An affirmative vote in the Maccabees' convention is practically certain, according to A. W. Frye, supreme commander and the merger will go into effect 90 days after its approval by the Michigan commissioner of insurance.

While the Maccabees and the Ladies of the Maccabees have hitherto had no official connection, they have been brother and sister societies ever since the organization of the latter in 1886, with mutual aims and interests. In the opinion of leaders in both societies, these can be carried out better by operating as one association instead of two, with competition eliminated, reduced expense, and one society giving whole family protection instead of the husband belonging to one and the wife to another.

Under the Maccabees' plan of operation, men and women members are on an absolute equality but meet in separate lodges, uniting only when mutually desired for social purposes. The E. O. T. M. local branches will thus retain their full identity and their own ritual, and the ladies will have full representation in the society's governing body according to their membership.

Quaker City tent No. 144 of Salem at their meeting Monday night unanimously voted to approve the merger of the two societies.

## Some Odd Little Favors, Prizes, Decorations for the Watch Party

While it is pleasant to spend New Year's Eve feasting and dancing in a public cabaret, there is no nicer time to entertain your friends in your own home. At top are a few suggestions for a simply set table for the midnight supper, with a pasteboard clock with hands set at midnight and "bluebirds," emblems of good luck, decorating the favors. Below are some odd little favors: 1, a flapper powder puff, the puff being concealed behind the face; 2, a hanger of woven crepe paper or ribbon; 3, a trinket box with elaborately dressed lady for cover; 4, a diary; and 5, an invitation for a bridge and dancing party and a horseshoe score card.

## The Ensemble Note

The Fashions That Go Southward Feature a Harmony of Detail

The trend towards the warmer tones of Florida and the Riviera have led the mode into special attention to detail for the correct appearance for every hour of the southern day.

The afternoon ensemble possesses any number of interesting details. The material and color leave much to the individual choice in a season which stresses line.

The clinging effect of the Princess type of frock is accentuated in chiffons, while crepes point the line smartly. Woolen frocks emphasize the two-piece vogue with southern chic, but all three types may be interchanged in material and yet retain an essential note of smartness in line.

The ensemble note is being carried out with important results. The accessories which go towards creating an air of chic are especially adapted to the southern frocks and coats.

Cortane Griffith, who appears in an interesting role in the first National motion picture "Classified"

has carried out the importance of correct detail in an unusually smart ensemble so suited to southern skies.

The frock which Miss Griffith has selected is of orchid crepe chiffon smartly fluttering in new lines. Insets of silver metallic lace create an interesting note in the frock as they are duplicated in the matching parasol of orchid taffeta. Miss Griffith's tulle hat bespeaks a new vogue for its lines are unusual and its placing of a floral bouquet is quite distinctive beneath the brim.

Parasols and pocket books have a tendency to match in material and detail in the number of accessories which go smartly south. Scarfs, too, show harmonious tendencies in carrying out the color scheme of the ensemble. Hats and gloves carry out a definite color scheme while handkerchiefs alone remain in daring color combinations to bring a note of brightness to the costume. Where it is possible, jewelry plays an important role in the ensemble and is worn with a strong regard for the hour and purpose of the day.

**Annual Christmas Party**  
The annual Christmas party held Monday evening at the old Calumet rooms was one of the most interesting social functions of the holiday season, with about 220 people enjoying it.

A dinner was followed by dancing and Johnson's orchestra of Cleveland, supplied the music. Among the out of town guests were: Mrs. George H. Bowman, Cleveland; Mr. and Mrs. R. B. Kernohan, Pittsburgh; Miss Huxley, Boston; Miss Betty Turkle and Mr. Harding, Alliance; Lee Osborne, Warren; Boyd Robinson, Youngstown; and William McKinley and Joseph McCormack of Mt. Vernon.

**Links Club Dance**  
Guests from Pittsburgh and Lisbon were in attendance at the dance given Monday evening by the Three Links Social club in the I. O. O. F. hall, Broadway. The 50 couples present enjoyed the dancing program which was furnished by Finley's Melody Band. Another guest dance will be given in two weeks.

On Monday evening, Jan. 4, the club members and their families will have a covered dish supper, which will be served at the hall at 7 o'clock.

**Watch Party**  
On Thursday evening the members of the Sons of Veterans and their families and the Auxiliary members and their families will hold a watch party in the G. A. R. hall, Main st. An interesting program has been arranged and a large attendance is desired. Preceding the program, a covered dish supper will be served at 6:30.

G. Thomas Boone of Hartford, Conn.; Mr. and Mrs. William Waterworth and little daughter, Elizabeth, and Mr. and Mrs. J. B. Waterworth of Cleveland, were guests Sunday of J. C. Boone and sisters, McKinley ave.

Charles Haddi left Tuesday for Milwaukee, Ind., to resume his duties with the Mishawaka Rubber & Woolen Mfg. company. From there he will go to his territory in Missouri.

Mrs. William Crawford of the Lincoln rd. spent Tuesday as the guest of Mrs. Charles Horne, Franklin ave.

## AGED FATHER OF PRESIDENT MAY NOT WALK AGAIN

Plymouth, Vt., Dec. 29.—Neighbors of Col. John C. Coolidge, 80-year-old father of the president, expressed fear today that the colonel may never be able to walk again.

Heart blood and rheumatism have caused faulty circulations and as a result, the colonel's right leg is useless and his left is affected.

Col. Coolidge was put on a strict diet today, following the visit of Dr. Cram.

The Bridgewater physician was in telephonic communication with Maj. James F. Coupal, the White House physician.

Dr. Cram said that while Col. Coolidge was still in bed his general condition showed improvement. No heart blood was noted but the poor circulation, resulting from the failure of all heart valves to function, was giving chief concern.

Col. Coolidge had not been out of doors since Nov. 24, following his recovery from a severe heart attack.

## Disarmament Plans Are Well Received

Washington, Dec. 29.—President Coolidge is much encouraged by the favorable reception which his proposal to enter the league of nations preliminary disarmament conference has met in congress.

Thus far, it was stated today, there has been no dissenting voice among members of the senate and house with whom he has discussed the proposition.

As yet, President Coolidge has not determined upon the personnel which will represent the United States.

## City Alarmed Over Shortage of Water

Grafton, V. Va., Dec. 29.—Frankie pleases to residents of Grafton to conserve water came today when the reservoirs of this city showed alarming depletion. The shortage is attributed to the habit of home owners to keep the spigots open on cold nights to keep the water from freezing.

Grave danger is feared in event fires break out because chemicals are the only available fire fighting fluid, water being too low for use. Only two feet of water is in the city tanks having dropped from seven feet in 24 hours.

## Christmas Tree Fire Takes Toll of Four

Guilques, Que., Dec. 29.—Candles on a Christmas tree started a fire that caused four deaths here at midn. P. Lefebvre, in whose rooming house the fire started, was among the victims. The others were Mrs. Lefebvre, St. Jean Lacroix, and Blanche Lacroix. Two others are in a hospital suffering from burns.

## 64 ARE ARRESTED IN BOOZE RAIDS IN INDIANAPOLIS

Indianapolis, Dec. 29.—Renewing his efforts to wipe out bootlegging and liquor supplies sources in Indiana, Ansel R. Harris, federal enforcement chief for this state, turned his attention to Indianapolis today with the result that 64 persons were arrested before 11 o'clock and many more arrests were expected during the day.

Of the 56 persons arrested eight are women.

When the agents started out this morning on the greatest liquor drive witnessed in Indianapolis since the event of prohibition, they were armed with warrants for the arrest of 65 persons and search warrants for 35 places at which federal officers said they purchased whisky.

Shortly before noon 64 persons had been arrested and the officers still were bringing them in.

## CITY OFFICIALS

Continued from First page

re-election, and their places will be filled by Mrs. J. R. Stratton, Mrs. Stanton Heck, Max Adler and Ed T. Kaley, Councilmen Charles Baker, William Probert and Cliff Woods remain.

The new city park commission, approved by the voters in November, will take office Friday. Three members, appointed by the mayor, will compose the board. They are Charles E. Sweney, chairman; H. H. Sharp and Mrs. W. H. Dunn.

Mayor Russell has made no changes in his cabinet and Director F. A. Rinehart, of the service department and Ernest Schmid of the safety department will continue in office.

**Salary Boosts**

Not only do terms change Friday but salaries change too. The biggest pay jump is that of the mayor, who now gets \$14,500 and on Jan. 1, will receive \$25,000 a year.

Salaries of the treasurer and solicitor remain the same. The auditor gets \$150 a month instead of a former \$100. The service director received the sole cut, from \$2,700 to \$2,400.

Police and police chief are raised, the chief from \$155 to \$180 a month and his men from \$140 to \$150. The clerk of council will receive \$500 a year instead of his present \$300. Salary of the city engineer was raised from \$80 per month to \$200.

These pay changes made this year by the present city council, which include pay boosts to firemen early in the year, constitute the largest pay-roll shifting in years.

## FRATERNITY MEN RANK HIGHER IN THEIR STUDIES

Chicago, Dec. 29.—Scholastic standings of fraternity men are higher on the average than those of unorganized college men, according to Charles A. Tonsor, Jr., English instructor at Columbia university, who addressed the Delta Sigma Phi, in session here today.

Tonsor, who directs the scholarship work of the fraternity, says fraternity men establish better standing because they develop a better and deeper type of loyalty, easily learn their obligation to their alma mater, and become imbued with the spirit of cooperation to help each other in studies, which is lacking in unorganized men.

## COURT NEWS

**Sorry She Married**

Lucile Baxter told her husband she was sorry she married, according to a divorce petition that has been filed in common pleas court by Lones, Hill & Davidson of East Liverpool on behalf of Paul V. Baxter, and as a result he has charged his wife with gross neglect of duty.

The couple were married at New Cumberland, W. Va., Aug. 4, last. The petition relates that Mrs. Baxter has refused to live with the plaintiff or to give him the companionship and association which is due from a wife to her husband. The petition also declares that Mrs. Baxter told her husband that she would never live with him and that she no longer cares for him "and that she is sorry she married him."

Mrs. Baxter resides at 307 Grant st., East Liverpool and is employed by the Leon Rubin Jewelry Co., of that city.

**Sues For Labor Bill**

Claiming there is \$1,200 due him for work on a dwelling in East Palestine, John Hooper, through his counsel L. M. Kyes has filed an action in common pleas court against Harry Hooker, residing on East Taggart st., East Palestine. Hooper claims he was employed for 150 days by the defendant and that he was to receive \$8 per day. Interest on the claim from May 31st last is also asked as a part of the judgment.

## ARREST MAN, FOIL COUNTERFEIT PLOT

Secret Service Nabs Head Of National Gang Of Fake Money Makers

Elizabeth N. J., Dec. 23.—Following a raid on his home which according to authorities netted a complete counterfeiting paraphernalia, including spurious currency, cameras and plates, Frank Wiegand, 48, was arrested today by federal secret service agents and held on a charge of counterfeiting.

Wiegand had boasted the agents said, that he could manufacture \$25,000 in bills within three minutes and that the counterfeiters would defy detection even by a banker. No presses were used, the agents said, the counterfeiting being a photographic process, by use of a camera containing an imported lens valued at more than \$1,000. The agents would not divulge to what extent the alleged spurious currency had been passed, but said that seven alleged accomplices of Wiegand are under arrest and three more will be taken into custody soon. Wiegand is married and the father of two grown children.

The arrest of Wiegand, according to secret service operatives, ends a

## Theatre

DIX AT STATE  
"Womanhandled," the answer to "Manhandled" by the same author, is at the State. Richard Dix is starred with Esther Ralston, Margaret Morris, Edmund Breese and Ivan Simpson in the supporting cast.

"Womanhandled" tells a story of modern western ranch life—a farce comedy in which the star, as Bill Dana, an eastern "softy," hires himself to the wild and woolly west to make a real man of himself. There is, of course, a pretty girl behind it all—Miss Ralston who greatly admires men of "the great open spaces." The picture is taken up with how the star goes about winning the girl's heart when he arrives on his uncle's ranch in Arizona and finds that the west of yesterday and the west of today are entirely different.

Opening a three day engagement last night the Sioux Indian band of seven native musicians delighted an audience with their variety of entertainment. This is a novel act and one worthwhile.

"The New Commandment," a society melodrama, comes to the State Wednesday.

Blanche Sweet, Ben Lyon, Holbrook Blinn, Effie Shannon, George Cooper, Pedro De Cordova, Diana Kane are seen in the chief roles.

AT THE GRAND  
Swift action and tense dramatic situations fill "The Rainbow Trail," Tom Mix' latest William Fox picture, which opened at the Grand Monday. Into this incomparable Zane Grey story, which is the sequel to "Riders of the Purple Sage," Mr. Mix has packed an abundance of thrilling exploits.

Lynn Reynolds, who directed the picture, has succeeded in carrying on the story of "Riders of the Purple Sage" with artistic adroitness. The action in "The Rainbow Trail" starts with the first foot and continues until the romantic conclusion.

Tony, Mix' wonder horse, carries his master through perilous situations, and Mix performs many deeds of new daring. Lucien Littlefield and Mark Hamilton, a picturesque pair, contribute several funny incidents. Anne Cornwall is the charming heroine whom Mix rescues from George Bancroft, the villain of the drama.

### LEETONIA

The funeral of Isaac Snell was held on Monday at 2 p. m. at the home of his nephew, William Snell, 55 North Walnut st. with Rev. E. P. Nykoff of the Methodist church in charge of the services.

Mr. Snell would have been 82 years of age if he had lived until March 1926. On Christmas day at 1:20 p. m. he suffered a paralytic stroke and died Saturday at the home of his nephew.

Mr. Snell was a Civil war veteran having served for more than two years in Company C, 187th Pennsylvania Volunteer Infantry, serving until the close of the war.

In 1871 he was united in marriage with Miss Rebecca Carr of Buffalo, N. Y. They made their home in Sharon, Pa. until 23 years ago, when they came to Leetonia to make their home. Mr. Snell retired from active duties more than 15 years ago. He is survived by his widow, Burial was in Oakdale cemetery.

Mr. and Mrs. William D. Howell and daughter, Miss Evelyn Holland of Detroit; Mr. and Mrs. Ralph Lundstrom, Mr. and Mrs. Ray Hum, Mr. and Mrs. Karl Howell, Miss Katherine Howell and Mr. Barker of Youngs town, were guests Christmas and over the week end of their parents.

Mr. and Mrs. L. A. Howell, Miss Gussie Ginter of Athens university, and Miss Frances Ginter of Kent college, are spending a two weeks' vacation at the home of their parents, Mr. and Mrs. Frank Ginter 334 State st.

Miss Elizabeth Hanahan and Miss Jennie Nicolette, student nurses of the Georgetown hospital, Washington, D. C., are spending the holiday vacation here with their parents.

Mr. and Mrs. Emil Peppel and little daughter, Jane, who were guests of their parents, Mr. and Mrs. David Peppel for the past several days, returned to their home in Struthers, Sunday.

Mr. and Mrs. Thomas Longbottom accompanied by their little granddaughters Marguerite and one Smith motored to Youngstown, Thursday evening and spent Christmas at the home of the former's daughter and husband, Mr. and Mrs. Clyde Smith. The two little Smith girls who had spent the past week with their grandparents, remained at their home in Youngstown.

Mr. and Mrs. George Ferguson and son George, of Warren, spent Thursday at the home of Rev. and Mrs. H. C. Brillhart, Miss Margaret Brillhart, who had been a guest in the home of her aunt, Mrs. Ferguson returned to her home here with them.

Akron—No women may smoke on the campus of Akron university, Elizabeth Thompson, dean of women, declared.

##### LEGAL NOTICE

Salem Building & Loan Association, a corporation whose last known residence was Salem, Ohio, and the unknown heirs, devisees and spouses of Jesse Hawley, deceased, will take notice that on the 5th day of October, 1925, S. E. Mackintosh filed his petition against them in the Common Pleas Court of Columbiana County, Ohio, in case number 12174.

Said petition alleges that plaintiff is owner and in possession of the following described real estate situated in the city of Salem, County of Columbiana and State of Ohio, known as and being lot number 197 of Township and Kildes addition of lots to the City of Salem, Ohio; that said defendant, Salem Building & Loan Association, claims some interest in said premises by virtue of three mortgages, executed by Amos Steel and wife to said Salem Building & Loan Association, said mortgages being respectively Four Hundred Dollars (\$400.00), dated May 28th, 1928 and recorded in volume 89 page 235 of the Columbiana County records of mortgages; Four Hundred Dollars (\$400.00), dated March 28th, 1929 and recorded in Columbiana County records of mortgages in volume 84 page 17; and Two Hundred Dollars (\$200.00), dated March 3rd, 1931 and recorded in volume 89 page 148 of the Columbiana County records of mortgages.

That the unknown heirs, devisees and spouses of Jesse Hawley deceased claim some interest in said premises by reason of the fact that said Jesse Hawley was at one time the owner of said premises and there is no deed of record in this County of Columbiana showing that he transferred said property.

The prayer of said petition is that plaintiff's title to said premises may be quieted as against the claims of the defendants, Salem Building & Loan Association and the unknown heirs, devisees and spouses of said Jesse Hawley, deceased.

Said defendants are required to answer by February 28th, 1932, or judgment will be taken against them in accordance with the prayer of said petition.

E. MACKINTOSH, Plaintiff, By METZGER & MCCARTHY, his attorneys.

Published in Salem News, Dec. 22, 29, 1929, Jan. 5, 12, 19, and 26, 1930.
